Wordpress Website

The screenshot shows the WordPress 6.7.2 admin dashboard. At the top, the browser address bar displays '140.112.91.1:8889/wp-admin/'. The dashboard header includes a 'Howdy, b13901011' greeting and links for 'Screen Options' and 'Help'. A left-hand sidebar contains navigation links: 'Dashboard', 'Home', 'Updates' (with a red badge showing '2'), 'Posts', 'Media', 'Pages', 'Comments', 'Appearance', 'Plugins' (with a red badge showing '1'), 'Users', 'Tools', 'Settings', and a 'Collapse menu' button. The main content area features a large 'Welcome to WordPress!' banner with a link to 'Learn more about the 6.7.2 version.' Below the banner are three cards: 'Author rich content with blocks and patterns' (with a link to 'Add a new page'), 'Customize your entire site with block themes' (with a link to 'Open site editor'), and 'Switch up your site's look & feel with Styles' (with a link to 'Edit styles'). At the bottom, there are two widgets: 'Site Health Status' (showing 'No information yet...') and 'Quick Draft' (with fields for 'Title' and 'Content').

Dashboard

Welcome to WordPress!

[Learn more about the 6.7.2 version.](#)

Author rich content with blocks and patterns

Block patterns are pre-configured block layouts. Use them to get inspired or create new pages in a flash.

[Add a new page](#)

Customize your entire site with block themes

Design everything on your site — from the header down to the footer, all using blocks and patterns.

[Open site editor](#)

Switch up your site's look & feel with Styles

Tweak your site, or give it a whole new look! Get creative — how about a new color palette or font?

[Edit styles](#)

Site Health Status

No information yet...

Site health checks will automatically run periodically to gather information about your site. You can also [visit the Site Health screen](#) to gather information about your site now.
