Steps:

1. Go to the "About Us" page and click the "Check out our boring terms of use if you are interested in such lame stuff" link.
2. I find out the link redirect to `http://localhost:3000/ftp/legal.md`, which is under a ftp directory. I Visit `http://localhost:3000/ftp/` in browser, and I found out that the directory is accessible.
3. I tried to access all the files in the directory, after viewing `acquisitions.md`, which is a confidential file, the task is completed.
